Gift of Life Breakfast Announcement

Dear Friends, Community Members and Supporters:

Amid the growing concern over the COVID-19 outbreak and in line with CDC's recommendations, Second Wind Fund has decided that our Gift of Life Breakfast on April 23rd will not go on as planned. We are currently discussing the best way to proceed and will provide updates as we know more.

Second Wind Fund was founded in 2002 with a simple, life-saving mission: to decrease the incidence of suicide in children and youth by removing the financial and social barriers to treatment. To date, we have provided access to therapy to over 6,000 children and teens. During these uncertain times, our program services are in full operation and we are here to support our therapists, families and youth in whatever ways we can.

Thank you for your understanding and patience as we navigate the road ahead.

Please do not hesitate to contact our Development Manager (contact listed above) with any questions or concerns.

Sincerely,

Chris Weiss
Executive Director
